

Resource Agencies

Always leave enough time in your life to do something that makes you happy, satisfied, even joyous. That has more of an effect on economic well-being than any other single factor. —Paul Hawken

This chapter of the 2007 Virginia Outdoors Plan includes information about federal and state land management agencies that offer opportunities for outdoor recreation. In addition, other state and federal lands not traditionally used for outdoor recreation are addressed. Findings and recommendations for regional and local parks and recreation providers, as well as private sector support for many aspects of outdoor recreation, are included.
